Feedback on Student's Performance

Please confirm the nature of the work undertaken on placement and state briefly your general impression of the student. In your opinion, has the student the ability and motivation to progress and can he/she relate theory to practice. Are there any improvements that could be made?

Cosimo has taken part in the development of different projects involving the creation of web-sites and online services for international companies. He has overall supported the project manager and the team of creatives working both on project and content management also layouts and copywriting. Cosimo has shown the necessary skills to undertake autonomously the tasks given to him and the ability to relate theory to practice. We look forward to work again with him in the future.

Supervisor's Name: Fenini Stefano
Position held: Senior Project Manager
